To the class of 2000: One piece of advice-wear sunscreen. We have come full circle, from naive freshman to mature seniors. We are prepared to enter the real world. Looking back on our journey through high school, many memories have been imprinted in our hearts. We will now graduate with confidence and pride. No matter how far we travel, we know we can always come back to the memories of our four years at South Windsor High School. The dances, prom, sporting events, parties, concerts or just hanging out with friends, have helped close the circle on our high school experience. Family, friends, and faculty have always been around to guide us through our struggles and help recognize our achievements. As the class of the new millennium, we are *The Best of What's Around....*

South Windsor High School

Dedication

Mr. Foley in his younger years

Mr. Foley is an all around great guy and teacher. He has been teaching at South Windsor High School since 1984. Being inspired by his high school history teacher, Mr. Brophy, he has always wanted to challenge his students' minds like his teacher did. To him, his favorite part about teaching is when a student makes a discovery about their lives. "He

really cares about his students and what's going on in their lives. He is more than a teacher, he's a friend." says senior Emily Sylvester. Many students have formed special bonds with Mr. Foley because of his hard work and dedication. Mr. Foley does not use conventional ways of teaching, instead he goes on a much more personal level, truly getting to know his students. When asking his former students about their experience in his classroom words such as, "great guy," "awesome teacher," "friendly and funny" are spoken. Not only does he spend time in his classroom, he is also involved with the drama department. Mr. Foley has also shown his love for writing by publishing *With The Hollow Of Your Hand*, his first book of poems. He has given a number of poetry readings over the years. He is a former New England Association of Teachers of English of the Year. Mr. Foley has affected his students lives in many indescribable ways. His love and passion for what he does, allows his students to discover their true selves. Mr. Foley's advice for the Class of 2000 is to "reflect on past experiences and live life in a thoughtful way." Mr. Foley is truly one of the best of what's around South Windsor High School.

**WHAT IS YOUR FONDEST MEMORY FROM HIGH SCHOOL?
TEACHERS REMEMBER....**

Having 'deep philosophical' conversations with friends in the senior lounge (we were considered geeks)."-
Mrs. Field

Being an original member of the 'Bobcat faithful' (the class that originally brought the trash cans to the
football games) in 1988."-Mr. St. Jean

Dancing the 'Twist' in the gym at a dance in 1962 and having all the nuns get flustered."-Mr. Frascino

Going to the senior prom with the woman I would later marry."-Mr. Foley

Getting kicked out of the library."-Mrs. Babiec

Dances, French class my junior year, and producing school plays."-Mrs. McKenna

Getting up really early on Monday mornings to do extra homework in Chemistry. You know, just for
n."-Mr. Dufour

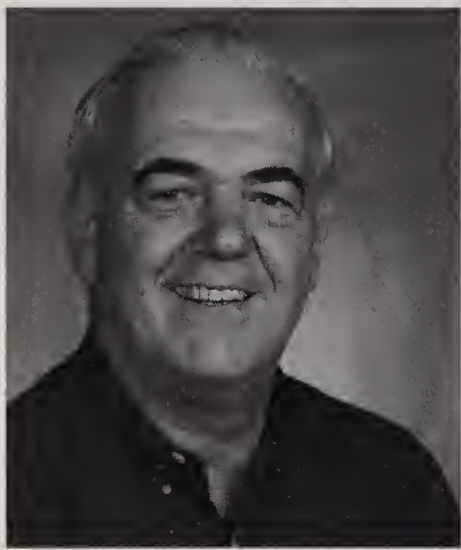

"Some people come into our lives and quickly go. Some stay for awhile and leave footprints on our hearts, and we are never the same."

Mr. John Marchetti

Mr. Marchetti has been a Guidance Counselor here at South Windsor High School for 25 years. Before coming to SWHS he worked at Timothy Edwards Middle School and Bridgeport, CT each for five years. Mr. Marchetti has always wanted to be involved with students and help them in ways other than in the classroom.

When asked what his fondest memory was at SWHS he could not think of one in particular. He says his greatest memories were "working with great students and great people over the years." Mr. Marchetti has been a senior advisor for many years. He also supervised the South Windsor Ambassador Team (SWAT) for many years helping students organize numerous fund raisers and community service activities. Even though Mr. Marchetti is retiring he is planning to continue helping students. He plans to take a year off to travel and then look for a position as a college admissions counselor.

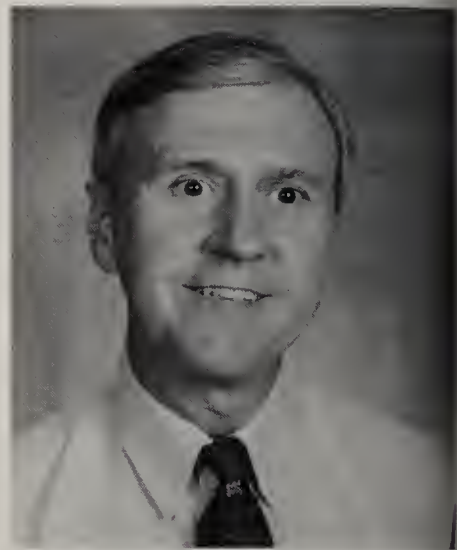

Mr. Marchetti has touched the lives of many students and will be greatly missed by former students and colleagues in the Guidance Department. His advice for the graduating class is "live long, prosper and get involved." We wish you the best of luck wherever life may lead you.

Mr. Salvatore Randazzo

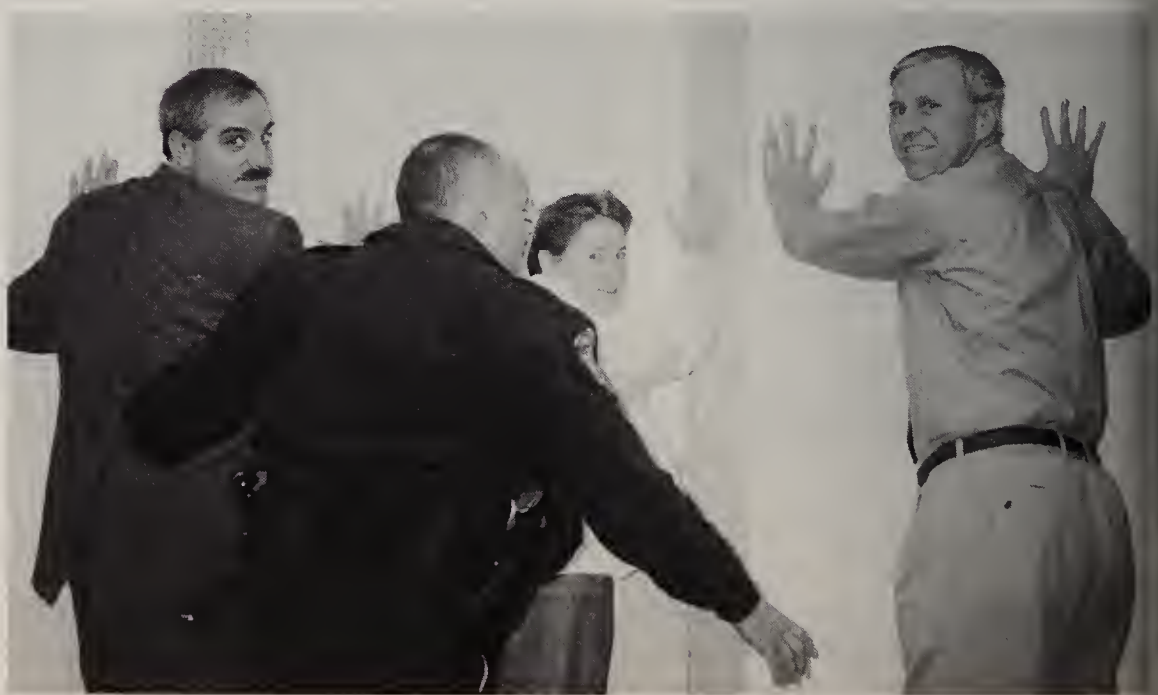

After 31 years of working at South Windsor High School Mr. Randazzo is retiring. He worked one year at East Windsor as a Social Studies teacher before coming to SWHS. He says that he has always wanted to be a Principal because "I wanted to experience another side of education beyond the classroom." He also adds that he has no single fondest memory at SWHS because, "this school has been characterized by wonderful kids

and dedicated, competent, caring faculty." Even though he is an administrative figure at SWHS, he always finds time to reach out to the students as a listener and friend. Mr. Randazzo is always interested in what is going on in their lives. He stands in the hallways during passing time greeting everyone who passes with a friendly smile. Right now Mr. Randazzo has no plans for the future. However he will be sorely missed here at SWHS. Mr. Randazzo is definitely a faculty member who will leave a lasting impression on those students he has touched in indescribable ways. He will never be forgotten and we wish you the best of luck in the years to come. Thank you for making South Windsor High a great atmosphere for learning. Mr. Randazzo's last words for the graduating class is "be kind, be careful, and be educated. Keep an open mind, and practice the Golden Rule!"

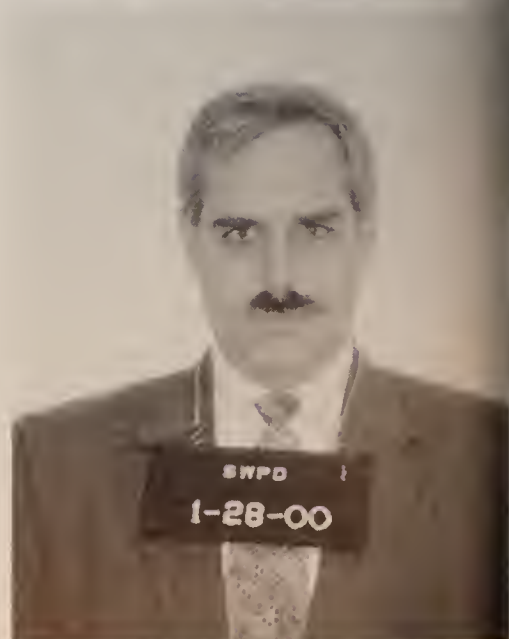

You're Busted!

Right: The missing suspects have been finally found roaming around the halls at South Windsor High. They were charged with disturbing the peace. The gang "Sally, Sal and Newt" were searched and siezed by a local police officer. **Below Left:** Suspect one, Mr. Randazzo, aka "Razz- Dog". **Center:** Suspect two, Mrs. Biggs, aka "Biggy Smalls". **Right:** Suspect three, Mr. Newton, aka "Figgy"

Spirit surrounds SWHS:

This year SWHS held their first outdoor pep rally in the stadium before the homecoming game. Students enjoyed entertainment from the cheerleaders & the first appearance by the drill team. Once again Mr Chernik led the crowd in supporting SW's athletes. Afterward students spent the day with friends tailgating in the parking lot as they waited for the game to begin. Overall the day was a huge success.

Junior Prom

I've Had The Time of My Life

It was the day of June 4th, Nineteen Hundred Ninety-Nine,
We entered Chez Joseph, with hopes of having a good time.

Dresses and tuxes were a splendid delight,
Everyone's dreams came true on this enchanting night.

Time seemed to flash before our eyes,
And before we knew it, it was time to say our good-bye's.

Everyone piled into their limos and cars,
And for one night only, we drove off into the stars.

The memories we have to remember,
Will be with us forever.

Those special moments, the anticipation, and the laughter,
Will be etched into our hearts, forever after.

We all seemed to come together, for one moment in time,
And in that instant, we knew we would never forget our
Junior Prom in Nineteen Hundred Ninety-Nine.

We Leave you with one notion,
To The Class of 2000: We had "The Time of Our Lives,"
And we are, The Best of What's Around!

MILLENNIUM

With the worries of the feared Y2K, many thought this New Year, New Decade, New Century, and most importantly, New Millennium would be a disastrous one. The students at South Windsor High School felt differently. All students were ready to party and have a good time, bringing in the New Year with friends, loved ones, and of course, a lot of fun. Students showed that they had millennium spirit with streamers, party hats, and noise makers to ring in 2000 with some style. This New Millennium is one that will be remembered years from now by all the students at South Windsor High School.

What a Groovy Night

Homecoming 1999 was a smashing shindig that won't be forgotten. Seniors decided to have some fun with this year, going with Austin Powers as the theme. Students from all grades showed up dressed up in their most swingin' attire to show that they were prepared to have a happin' good time. All that attended danced the night away in a gym filled with groovy decorations and the swingin' music. This years homecoming was a was one that Austin Powers would approve of, Yeah Baby, Yeah!

Far Right:

Krista Nordmark came up huge this year, earning not only the nickname "The Wall" but the All-Conference honor as well. "Nordsey" was always awesome in net, and always up for a night out with the rest of the Varsity Team. Jill Gregoire and Kara Fleet went All-Conference for their great play, too.

Below:

"Q", "O", "Mags", "Jilly", and "Feindog" were this year's Varsity seniors. They were terrific role models and leaders, keeping the girls together through wins and losses. Jess, one of those leaders and a captain, says "Although it wasn't reflected in our record, the heart and soul of this team was amazing. I wouldn't have wanted to spend my last season with any other group of people." That kind of spirit started with the seniors and was instilled in each one of the Bobcats.

The Best Spirit Around

At practice, on the field, and even on the sideline, the soccer girls were always rowdy and ready to play. Their voices of encouragement and excitement were never outdone. Here's what you might have heard:

"En fuego!"
 "Our house South!"
 "Good girl!"
 "You're an animal!"
 "Big B, Big B!"
 "None of your business!"
 "You're a wall!"
 "Way to go tiger!"

Above:

The Varsity 'Cats were all about the home-made shirts this season to show their spirit. Sporting "Grrr," "Bring it on," and "None of your business" on the tees, the soccer ladies were always ready to get rowdy, and South Windsor High knew it.

Right:

Kris Quercia gets free from pressure with the support of Kara Fleet, Katie Haffner, and Jill Gregoire behind her. On the field or off, the Bobcat girls had each other's backs. As a team, they've had some unforgettable times together.

Left:

"I've never had so much fun getting in and out of trouble as I did this year with my soccer girls," says Lori Kaldy when asked about the season. Regardless of their record, the girls' soccer program became a sisterhood of school friends and team mates who ate together twice a week, went out together on the weekends, and always stopped to say "hi" in the hallway. The time spent as a team had a huge impact on the field. Jill said it best when she remarked, "It's an unexplainable closeness. We just love being together."

Pride

One of the major goals for the hockey Bobcats' season was redemption. The previous season not up to the team's high standards, as they missed the playoffs by one game and felt unorganized throughout the year. This year the hockey players persevered through injuries and suspensions as they won some amazing games as the underdog and made the playoffs. Most importantly, the team felt the feeling of fraternity that will stay with them forever.

CHAMPS

When you hear the words Bobcat lacrosse, the smell of victory permeates the air. This sweet fragrance comes from the incredible 17-4 record, beating two Division I teams to win the Northern Championship and battling through the States to win the Division II State Championship. We will always remember the hard work and excitement that was put into every game. Best of all, the victory on the field could not match the teamwork and joy everyone on the team felt and will remember forever.

Kermit, MSK

I heard myself proclaimed
And by the hollow of the dreaming tree escaped the hunt.

No Hotel-Motel Vert is free, no place
That guard most unusual vigilance does not attend my taking.

Whiles I may scape, I shall preserve myself, and I never bethought

To take the basest shape

That ever a Taco Bell Redneck brought nearer to Clarence Tate.

My shirt I grime with filth for a name,

Roll my cymbals, cut all my hair—again,

And with presented nakedness outface

The winds and persecutions of a British Literature video.

I have proof of nerds

Who strike in the memories a time most simple,

When echoes were never forgotten.

"Poor Atlas, Righteous Brooklyn."

Soon she will rise like a phoenix,

And he shall find the center of the universe,

And they shall both conquer.

That's something yet;

Kermit I nothing am!

At the risk of sounding horribly cliché, I have to say that high school, now that I look back on it, has really gone by quickly, let me tell you. My entire high school experience has been so scattered that it would be completely impossible to sum it all up into one small paragraph. However, once I ended up here in South Windsor, I met so many fabulous people and have many fantastic memories to look back upon. Natalie, Aunti-M, Uncle Steve, Michelle, Dan, all my friends, to all of you I owe my sanity, and my sincerest gratitude. Lisa—you have meant more to me than you will ever know, you always have and always will be such an inspiration to me. I love ya loads! Thanks for everything, I Love You All.

Donald J. Angle

Don, Donny

My high school experience has left me with close friends who I will always remember. Ken, I don't know what I'll do when I have no one to ask those confusing questions to. Harrison, and his car stereo/girlfriend, and our bachelor party experience. Andy with all of his confused girlfriends. Brie's whining: Gib's long conversations about absolutely nothing. Dorothy, you'll always be the cutest thing in my life, listening to me complain and always being anxious to see me. Rys, someday I'll be bigger than you. The Lacrosse State Championship Team and Coach Graham's long talks. And as for the future I hope we all still remember each other.

Kenneth Angle

I couldn't imagine that four years would be gone in a blink of an eye. There are so many memories. The State Lacrosse title of '99 or the Northern Championship, the move to D1. To my lax boys, good luck, and don't stop believing in the team, after all, we didn't. Mike, I'll always remember the shack, paper routes, midnight Lechmere runs, huge fires, T. Montana, the Stanza, and most of all, our friendship.

Andy, when we're grown and older we'll realize that friends are forever, and you're still a great friend no matter what happened. Don, don't ever stop believing in what you can do,

because you will succeed, and I'll always be there for you, I know you'll make me proud! To my high school sweetheart Bric, you're in a place deep inside my heart and always will be. I'll never forget biting lips, stars, baby voices, the first kiss, and your love. I thank my beat Jeep and the tired Suzuki. Mom and Dad, thank you for all your support, I'm forever grateful. Here I go!

I guess altogether, my experiences at the high school were o.k. There were a few things that I wish I had done different, but since my time to change has run out, I'll make sure that I don't make the same mistakes in the future. For the most part, the people of the high school treated me well. But for those who tried to make my years at the high school miserable, I say this; give it up! You're losing for wasting your time gossiping and hating, because it's only consuming you, while it's motivating me to strive for perfection. FOR REAL! To Genera, Ahsaan, Lamont and Justin, I'll see ya around baby! MAINTAIN!

Thank you Mr. Colpitts and Mr. Nelson for being the best teachers anyone could hope for. No drug, not even alcohol, causes the fundamental ills of society. If we're looking for the sources of our troubles, we shouldn't test people for drugs, we should test them for stupidity, ignorance, greed and love of power. Twenty years from now you will be going through your closet and happen across this book and start flipping through the pages. Seeing all the faces that you will never see again. But at the time you saw them you could have sworn that you would be great friends forever.

Things like band trips, the prom, math class with Jimmy O, the Taco Bell experience, lab aide with Arps, and of course playing at the Webster made my time at SWHS great. Basketball with Korn and Evaristo, several different variations of Toilet Duck, milking cows at Foster Farm with Val, Jake, and Erin, and bad impersonations of the Rock by Raug filled my days. I had a lot of fun hanging out with my buds Burt, Kyle, Nikhil, Danielle, Emily, TD, Jess, and many more. I leave to SWHS my N'Sync wallet, g n hair, "staring problem", and Ricki Martin mags. Unfortunately it took me four years of high school to realize how great an impact it has on my life. After years of lectures from teachers and adults, I made a huge mistake, not listening

to them. I just want to thank all those people who sacrificed their time and effort for me and I'm sorry. But there is one person I want to thank the most, Carl Myslinski, he did everything and anything for me. Thanks for it all Coach. All of high school wasn't a disappointment though. I had a little fun too. I want to thank all my friends for all the great memories which I'll never forget. Todd, Jordan, Kankel, Brown, Amber, Roche, Ocho, Wing, Krawczyk, Smitty, Tim and Meg. The breakfast bandits, the pick squad, kidnapping Santa, decorating at Gbury, golfing with the Martin's, basketball, free golf at East Hartford, and late nights at Jordan's and Ocho's. Most importantly my parents, Mom and Dad- I love you.

It has been a long and hard four years, so I guess I will end it all with a joke. There once was a old lady, her doorbell broke. She called the door bell repairman. He said that he would come to fix it the next day. Three days later no one ever came to fix the door-bell. The lady called the repairman and asked him why he didn't come. He said "Lady I came two days ago and rang the doorbell and no one answered."

Thanks- To my family for support and encouragement. To the teachers that made school more fun than a cynic at 13 thought it could be. To Greco for putting up with my ego for four years, and teaching me a few things about art and life on the way. For Hermes, (cup-it-a-lism Hotchkiss, and Ellis, who all made history fun again. To Joe, my best friend since childhood. How did we go from selling lemonade to driving? Cool trips, long talks, fallen bands, and future plans.

Gabrielle Louise Derrig

Today I met a great new friend; Who knew me right away; It was funny how she understood; All I had to say.

She listened to my problems; She listened to my dreams; We talked about love and life; She'd been there, too, it seems.

I never once felt judged by her; She knew just how I felt; She seemed to just accept me; And all the problems I'd been dealt.

She didn't interrupt me; Or need to have her say; She just listened very patiently; And didn't go away.

I wanted her to understand; How much this meant to me; But as I went to hug her; Something startled me.

I put my arms in front of me; And went to pull her nearer; And realized that my new best friend; Was nothing but a mirror. I have nothing but a lot of love for all of those that have stuck by my side through thick and thin. May our friendship always last.

How did this happen? Hopefully, my career at this high school has prepared me for the world out there, but I'm cautious. I mean, how many days of "learning" and nights of "studying" does it take to prepare me? Oh well. I guess as Dave Matthews put it, "Turns out not where but who you're with that really matters." So I guess I'd better mention some people, like I won some award or something. First, never a dull moment with my best friend Greg, that's for sure. Thanks to all who have affected me, be it The Academy, the neighborhood, the academic crowd, and my teachers. Special thanks to all the great friends I've come upon and hope to keep. There is something here
Bestowed on me from experience
People I've met and loved
People I've disliked and admired
There is something here
It can't be explained
A phenomenon of reality?
There is something here
I only realize it's alive when I think
Everyone has changed me
There is something here
Instead of being sculpted by a master sculptor
I've been molded by multitudes of artists
There is something here
Even if only I realize it
I'm blessed.

Being a minority, even a minority of one, does not make you mad. Trust thyself; there is truth and there is untruth, and if you cling to the truth even against the whole world, you are not mad. They can not alter your feelings. They can lay bare in the utmost detail everything that you have done or said or thought; but the inner heart, whose workings are mysterious even to yourself, remains impregnable. But you know nothing else; you accept the Party as something unalterable. They are the Thought Police; better known as Society, Democracy, and Christianity, Better known as Proficiency. And we are flaws in the pattern, primal traitors, and defilers of the Party's purity (For a moment or two the forest and all the other dimly appreciated places echoed with the parody of laughter): We will not give in like the rest. And after all our trips through Hell, we will never die.

Your freedoms are being eroded. Your dreams and your rights to dream, stolen. Your breath, the breath of youth and enthusiasm, suffocated, as you discover and explore your Own, your very Own, your Mind, your Body, and even your Mysteries... for if we have any implicit right as human beings it should be screamed "YOUR OWN, YOU OWN". Let me officially announce: As of this day you do not own your own skin, as of this day you cannot organize, your own pleasure! As of this day you do not have the right to discuss, or describe, or explore, or abhor, or criticize, or analyze, or fantasize, or politicize, or publicize, or subsidize, or visualize, or conceptualize or realize anything without permission.

I tried to think of what I could say that would be enough, and what would not compromise who I am. I now realize that there isn't anything. Nothing that I can say could define me. Whether you know me or not, nothing here will give you enough insight to understand me. I could tell about what I like and hate, what I like to do, and what my future holds for me. I could list all of my friends and everything that we did together, and maybe, in ten years, I would look back and reminisce. But in the end, I know that it would only make me like everyone else, which I am not. I am myself, and nobody can change that. No one can deny that I am, and always will be, me.

Though at times it might seem like one will never make it through high school, I must admit that a lot of good memories are made along the way. Some of the things I'd like to mention are the fabulous Halloween parties, and interesting morning conversations at the corner window. I'll always remember prom weekend with Ryan and riding in the Firebird. I can't forget drum line rehearsals with Mike and Tim (I can do exercise 3A), mall hopping with Julia and all the long hours playing my flute for many different occasions. And to those who have helped me along the way, such as my family, my youth group, my teachers, and all my wonderful friends, your love and support is deeply cherished. Thank you.

I won't miss high school, I never liked it. I'll miss some kids, but I don't even like a majority of kids I talk to. After all is said and done, I realize I only have a few doggs. I made a few friends for life this year, and lost one I've had a while. To Levi and my real boy no one knows, you two are doggs for life and I got you. You two especially are always ready to lend a hand, and we stay 'bout it, 'bout it. My only highlights include DMB '98, Woodstock with Foran, Medeiros, and Mark, Canada '98, Liles '99, and Ghetto's crib. Freshman year is still the best with my bro, Harsch, Busque, and Thang. To

Lile, trust me. My worst pet peeves are fake people, loud and obnoxious girls, and little kids who run their mouths. To my parents, I don't know how you did it sometimes, but you did it and I love you for it. To the world and all who aren't with me, "Y'all been eating long enough."

We're all told that we are special and unique people, and that it is our particular accumulation of characteristics, traits, and quirks that makes us "who we are." Likewise, we are taught to accept these idiosyncrasies as being positive factors in asserting our individuality. How ironic it is that when we encounter something original and truly unique, we react to it with terror and vitriolic abhorrence. In my brief experience here I have seen many things. I'm still not sure whether to marvel in wonder at the nigh-unto monolithic ignorance and malice which seems so ubiquitous. Although perhaps I have made my peace with the society I can never truly be a part of, I will always remember the Fear and Loathing in South Windsor.

These four years have absolutely blown by with many good times. As a freshman becoming good friends with Drew and playing paintball. All the paintball games with all the guys, Timmy, Derek, Ray, Drew, Stender, Scott, and the rest of you all. Campfires at Stender's and behind Ray's were always great. The HIKE with Schumann. Dreaming with Drew. All of the things I did while growing up with Schumann. Junior year was great with meeting Lauren and all the things we've done together. The Drive up to Prom with Paul, Tim and Lauren was interesting. I hope you all had as much fun and a great future.

Sometimes it's hard to say goodbye,
Many students break down and cry.
Reflecting upon the days,
Reminiscing of A.S.A.'s.
"And the Colpitt's award goes to,"
The missing "Murr", I still feel blue.
To all my friends but mostly Mike, Earl, Eddy, and Eli,
As long as you're in my heart I know I will get by.
Can't forget Woodward, PA. '99,
As far as high school I'm out of time.
Wearing Jesus on silver chains,
But this feeling still remains.
Wipe the tears out of your eyes,
Then you'll come to realize.
Your sky might look gray,
But there's always another day.
Shout out to my parents,
For giving me love and perseverance.
Goodbye to the class of 2000
Best of luck to all.

The past three years in S.W.H.S. have been GREAT! I made a lot of new friends and I have a lot of wonderful memories. I enjoyed playing different sports with my friends, going on trips, working and going to the Junior Prom. I want to give Thanks and Appreciation to Maggie, Mr. Marchetti, Mrs. Biggs, Mr. Randazzo and all of my teachers and coaches for believing in me and giving me opportunities that might not have come my way if I didn't know you. Also, Special Thanks to Mom and Pop for always being there for me, believing in me and making everything possible. I Love You! My goal as I leave S.W.H.S. is to live my life the best I can, to be good at what I do and always be happy.

Arpan Shah

"Arps" "Pan-man" "It's not your pan, it's not my pan, it's Arpan"

It's been a long four years and finally it's coming to an end. I had some good times hangin out with friends-Mike, Shaun, Pete, Dave, Tom, Raug-and the Hindu Crew, and I guess Keith even though everyone knows he's afraid to play me in basketball (Ankle problems?) As far as school is concerned, Sophomore year study hall with wrestling freaks was great, Lab aide with Dave C, Cale with Mr. O, and Chem with Whitey. Also, now that I'm graduating, I think that I should leave some old things behind to SWHS. Shaun and Arpan's rotation rules should stay behind so future classes can benefit from our experience, and finally I'm leaving my big red Nautica umbrella so Kras can stop laughing. SWHS has been fun, but I'm glad it's over.

I'm not sure what I'm supposed to write here, I've only got 700 characters. Four years of chillin, parties, livin it up with my friends (you know who you are) It's been good. To my family: Thank you family, you've been there and you've helped become who I am. I guess the most important thing I've got out of this is that I kind of know who I am. You never totally know who you are, except when you're inconvenienced. But God, Shiva, whatever, there's not much left to say. I could talk about specific memories, but there's too much to leave out. There has been the parties, trips, and matches. There has been the classes, parents, and the music. There's probably more that I'm leaving out, and I'm sorry to anyone that's offended. But thank you, everyone, even the people that have been...you fill in the blank, it's been worth it, bye.

When it comes down to it, everything will become dirt, so we must live life as best as we can without harming ourselves or anyone close to us. We must compromise our own ideals in order to gain broader insight of the world around us. We can't subdue ourselves solely to our own desires. We must try to grasp the bigger picture, and understand there's more to life than ourselves. It is during our high school years where we start to develop or broaden our views and also where we start to search about ourselves and about the world. Hey, if you don't believe it, then look back to the times when you were in middle school, and compare it with your life these past years in high school; you will see that you have just started your search. Life is precious; use your knowledge to make something of it, and make a mark in the world.

Heather Tolisano

These four years have gone by so fast. It feels like just yesterday I was starting school as a freshman. Then came the junior Prom with Adam and Chaggy, Connie, and Repo, and my loving and caring boyfriend Scott. I will always remember a specific time at Ryder with Shawn, Chaggy, Scott, and I. Or how about Cheney Park? You can't forget Aerosmith and Metallica? I know I won't forget the club with Sabrina and my Manchester friends. Thanks to my parents for always believing in me. Now it is senior year, and lots of things have changed. Words of advice...Hold on to your memories. Sometimes it's all you have left. I love you Scott.

Over the past four years, I have discovered summers in Maine, Death of a Salesman, Mount Saint Michel, staring olive pimentos, and a lemony houseplant named Bob. This would not be possible without the following people: Adam "burgundie factory" Pacheco, Josh "pineapple" Pacheco, Jon "are they gonna eat me?" Zinn, Julian, Clark, Andrew "Flash" Favreau, Sara "mental crisis" Lozyniak, Sara, "Want a cheerio?" Howe, Sarah "Question Authority" Coneatelli, Andrew "don't call me Andy" Concatelli, Mrs. "Dewey Decimal" Luddy, Mr. "nothing humorous about me" Shackner, the clarinet clan, and my family. Thanks for not letting the pimentos stare too long!
